

## Become a Kids Voting Leon County Sponsor!

Our community has always supported a political culture that fosters a sense of civic duty, takes pride in our constitutional rights and freedoms, and provides support for those rights. Kids Voting Leon County helps to ensure that this local tradition is strengthened and remains strong. We would appreciate your support of this important program that touches all students in Leon County attending public and all participating private schools.

Kids Voting Leon County is a nonprofit, nonpartisan, grassroots organization, which facilitates a voting experience for students from kindergarten through twelfth grade on Election Day. Throughout the year, Kids Voting works with all of the schools within Leon County by providing a civics and election-based curriculum that focuses on the importance of being informed and the responsibilities of voting. On Election Day, local Kids Voting volunteers staff the polling precincts and the youth in our county cast their ballots. The votes are tallied, and the results are provided to the students.

To ensure that students in Leon County have this opportunity to vote this November, we need your tax-deductible contribution. There are no expensive administrative costs or salaries, because hundreds of volunteers give their time to support Kids Voting. Your financial support will help defray the costs of the printing, publicity, and supplies necessary in order for our Kids Voting effort to be successful. The sponsorship levels available are:
